Zoom-Macintosh OS and IOS

Zoom is a screen magnifier on Apple's Macintosh OS and IOS devices. Preview the following videos for background information on their operation:

<https://www.youtube.com/watch?v=DPjn6BCjmGA>

https://youtu.be/sY4Z9BK_Fn8

Make a note in your study guide how each is enabled.

Next, once they are enable list the commands (gestures

and/or keyboard to turn them on/off, increase magnification.

If a student was assigned a MacBook after using an iPad for several years, how would help the student make the adjustment to these changes?
