

## Learning Station

### Polaris Braille Notetaker

BrailleSense Polaris is a Braille notetaker with a built-in Braille display and six key perkins style keyboard. It supports Google Apps, making it easy to utilize Google services like Drive, Docs, Sheets, and Slides as millions of other students do everyday.

It's wireless, and runs on an Android operating system.

Review the following video then demonstrate the following: <https://youtu.be/tCXqDZPH73M>

Locate and navigate the main menu, and open three applications: Word processing, Web Browser, and Play Store.

How would you print a document on with the Polaris?
